Location : Dr TMA Pai Hall
Kasturba Medical College, Manipal University
Manipal - 576104, India

Supported by

SAR HEALTHLINE
GATEWAY TO INDIAN IVF

Invitation

Dear Colleagues,

We are pleased to announce an interactive workshop on oocyte and embryo vitrification to commemorate the first annual meeting of Manipal Association of Clinical Embryologists (MACE) on 9th March 2014.

This event is being hosted by Manipal Association of Clinical Embryologists (MACE), Kasturba Medical College, Manipal, and SAR Healthline (P) Ltd.

The objective of this interactive workshop is to understand the practical skills to carry out the vitrification method and to provide a unique opportunity for embryologists to learn and practice vitrification independently.

We have faculties with vast experience in the field of vitrification to share and disseminate their skill and knowledge.

This is an interactive workshop, with limited number of participants. It offers unique opportunity for exchange of knowledge in basic and embryological advancements in the area of gamete and embryo vitrification techniques and also creates a forum to meet colleagues in the field.

On behalf of the Organizing committee, we cordially invite you to this event. We sincerely hope that you will join us in this event and make it a grand success.

Looking forward to meet you in Manipal.

With warm regards,

Dr Satish Kumar Adiga
Convener

Dr Guruprasad Kalthur
Organizing Secretary
